## **CREAT STUDIOS RELEASES BUBBLE TRUBBLE FOR PSP MINI PLATFORM**

*Bubble Trubble Now Available in North America and Europe*

November 12, 2009 – Creat Studios (Canton, MA) today announced that *Bubble Trubble* is now available as a PSP® Mini title for PSP® and PSP®go. The title is available for download on the PlayStation® Store for the PSP®, PSP®go and PlayStation®3 computer entertainment system.

A classic puzzle game with a unique twist, *Bubble Trubble* turns bubble popping fun into a competitive sport! Delightful bubbles freely float and naturally settle according to the laws of physics. Try to get the bubbles to match colors as they land. Like-colored bubbles fuse together as one, creating even larger bubbles. Get them big enough and “POP!” they go, opening the door to exciting combos while the remaining bubbles settle into the available space. But make sure to keep them popping, because if you run out of space for new bubbles, it’s game over! To avoid any Trubble, you’ve gotta burst your Bubble!

*Bubble Trubble* is a single player game with two modes of gameplay:

- Survival Mode allows players to achieve the highest score by matching and popping the increasingly faster onslaught of colored bubble clusters.
- Challenge Mode presents specific set tasks for players to enhance their skills, such as only popping certain colored bubbles or preventing bubbles from getting too big.

“*Bubble Trubble* presents an exciting new spin on puzzle games,” said Vladimir Starzhevsky, CEO of Creat Studios. “We are thrilled to release our second PSP® Mini game, and I know players will find *Bubble Trubble* to be delightfully addictive and a lot of fun.”

*Bubble Trubble* has been rated “E” for Everyone by the Entertainment Software Rating Board for this platform.
